From the Principal

School overview

PROFILE

Andergrove State School is a Band 8 primary school that first opened its doors in 1939. It is a school that is large enough to offer a range of educational programs and student services, yet small enough to care about individual children and their families.

This school is a Positive Behaviour for Learning (PBL) school and therefore recognises the important links between safe, positive school environments, engaging classrooms and strong academic performance. Staff, students and their family work together to implement proactive and supportive strategies to encourage behaviour that demonstrates our three school rules- 'Always be a Learner, Always be Respectful and Always be Safe'. Through the explicit teaching of expected school behaviours, our students are encouraged to develop values of tolerance, resilience and personal responsibility.

Our Prep to Year 6 curriculum aims to provide students with essential literacy, numeracy, digital technology (ICT) and citizenship skills that will be relevant and useful throughout their lives. To enhance ICT skills, our students have access to a computer room, a Science, Technology, Engineering and Mathematics (STEM) room and a pod of iPads per year level. Students in Year 4 to 6 are invited to bring their own iPad devices to school to access during class learning time. Year 4-6 students who do not have their own iPad, share with a partner using the year level provided devices.

Strong community links exist. With the support of community partners, we are able to offer a range of services for our school community including free daily breakfast program, free daily homework tuition, speech therapy, sports equipment and sport development programs. We also offer adult education courses through our on-site (Remote Area Tertiary Education Program (RATEP) program.

School community events are held at least once a term. On-site before and after school care is available and provided by Camp Australia. We also cater for future students by operating an on-site weekly Playgroup and a semester long weekly Get Set for Prep program to assist children and their families to transition to formal schooling. Our senior students are also supported in their transition to high school through mentoring activities such as reading support and coding lessons provided by staff and students from Pioneer High school.

Andergrove State School prides itself on being an inclusive school that aims to address the needs of the current school community.

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	12	30	44
Long suspensions – 11 to 20 days	0	3	2
Exclusions	0	0	1
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	214,326	308,289	229,899
Water (kL)	2,482	914	1,432

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.
